

**STUDENT SENATE RESOLUTION 2019-1008**

**TITLE: Open Container on Game Day**

**AUTHORS: Senator Robert Schulte**

**SPONSORS: Majority Party Leader Cooper Brown**

Resolved, that the following question be placed on the ballot for the Spring 2019 general election:

**Referendum Question:**

**Currently, the City of Gainesville prohibits open containers containing alcohol except during home football game days at functions approved by administration. Alumni, students, and Gator fans may be issued a civil citation by law enforcement for carrying an open container containing alcohol during tailgates and similar functions. The Gainesville Police Department selectively enforces the current open container prohibition on home football game days, but alumni, students, and Gator fans constantly run afoul of the current law and could be subject to a fine at anytime.**

**Should Student Government advocate for the Gainesville City Commission to change the law to allow for open containers in designated areas on all home football game days in Gainesville?**

**YES NO**
