I HEREBY CERTIFY THAT THE ABOVE ELECTION RESULTS. ACCURATE TO
THE BEST OF MY KNOWLEDGE.

Edgar M. Dunn, Jr.,
Honor Court Chancellor

THE VOGLER RESOLUTION

Be it hereby resolved that in the event that the Legislature of the State of Florida increases the tuition at the University of Florida for a full-time student beyond the scheduled \$100 per quarter, the Legislative Council of the Student Body does hereby request that the first ten (10) dollars of any such increase be used to finance the following student activities and facilities:

1. Recreation Facilities (\$1.00 per quarter)

Up to 500,000 dollars in tax-free, $4\frac{1}{2}$ per cent interest bearing state bonds will be issued to finance new construction and improvements to Camp Wauberg (up to a maximum of 350,000 dollars), and the balance of the bond proceeds to be used for general recreation facilities near dormitory areas on the campus proper. A payment of fifty (50) cents per quarter per full-time student will be made to a bond sinking fund, subject to an annual maximum of 40,000 dollars and a quarterly maximum of 12,500 dollars. Any remaining balance will be deposited in a special reserve account (see #5 below).

The remaining fifty (50) cents will be used for general operating expenses at these new facilities.

2. Coliseum and Adjacent Indoor Swimming Pool (\$5.00 per quarter)

An air-conditioned, 15,000 seat coliseum with indoor track and large performance stage is to be constructed on the campus of the University of Florida. Additionally, an SEC-size, heated indoor swimming pool will be constructed adjacent to the new coliseum. The operating and maintenance expenses, operation, and use of these two facilities are to be under the direction and financing of the Athletic Association and the administration of the University of Florida, except that Student Government will have the opportunity to use the coliseum for three (3) events per quarter at no charge, and the students will have the opportunity to use the pool, except during varsity practice sessions.

Up to 5 million dollars in tax-free, $4\frac{1}{2}$ per cent interest bearing state bonds will be issued to finance the construction of these facilities. A payment of five (5) dollars per quarter per full-time student will be made to a bond sinking fund, subject to an annual maximum of 325,000 dollars and quarterly maximum of 100,000 dollars. Any remaining balance will be deposited in a special reserve account (see #5 below).

3. Parking Facilities (\$2.00 per quarter)

These funds are to be used in a manner deemed feasible and necessary as determined by the parking study. The allocation can be used entirely for operating funds, or for the retirement of up to 2 million dollars in state bonds which may be issued for construction purposes or for any combination thereof.

4. Expanded Student Health (\$1.50 per quarter)

This allocation will be given to the student infirmary in order to help provide a higher quality of medical care for students and eventually dependents of married students.

5. Special Reserve Account (\$.50 per quarter)

A special reserve account to pay for insurance and maintenance expense on the new recreation facilities and parking garages (1 and 3 above, respectively) is to be established and controlled by the Treasurer of the Student Body. The fifty (50) cents per quarter per full-time student payment, additionally, will be used to make up any deficits on the annual maximum contributions to the bond sinking funds on items one, two, and three above.

The bond sinking funds are to be deposited in special savings accounts in banks registered to do business within the State of Florida. The highest interest rate bid will be the main basis for choosing the bank(s) for deposits, except that favorable consideration will be given to those banks in proportion to the amount of bonds owned. Annual contributions and interest earned will be accumulated until the total amount equals the face value of the bonds, at which time those bonds will be retired. Annual interest payments will be made from these savings accounts.

As the bonds for each of projects one, two, and three above are retired, the Student Body will hold a referendum to determine whether to continue the tuition supplement for each project and construct new facilities, or to eliminate that proportion of the tuition supplement.

OFFICE OF THE CHANCELLOR:

February 12, 1968

M E M O R A N D U M

RE: Certification of Winter Student Body Elections

The Honor Court of the University of Florida, being satisfied that the Student Body election held on January 25, 1968, and the ordered second election for student body President held February 8, 1968, are valid and that the vote tally is correct, does hereby, pursuant to Student Body Constitution, Article III, Section 5, Subsection E, certify the election results as valid to the Secretary of the Interior and the Legislative Council.

Done this 12th day of February 1968.

J. Robert Hughes
