305.90 The University of Florida Student Senate hereby acknowledges the importance of maintaining the integrity and accuracy of the historical record contained within the Student Government website.

305.91 It shall be the policy of the Student Government that any censure bill posted on the Student Government website shall be removed promptly if the individual subject to such censure is subsequently found innocent or not guilty of the charges or allegations that led to the censure.

305.92 Upon a formal decision or ruling that results in an individual's acquittal or exoneration, the Student Government shall have an obligation to remove any related censure bill from its website within 48 hours to prevent the perpetuation of misinformation.

305.93 Censure bills shall only be published on the Student Government website after they have been deliberated upon and passed by the Rules and Ethics Committee. This ensures that only those censures that have undergone proper vetting and consideration are given public attention, respecting the due process rights of all individuals and upholding the principles of justice and fairness.

305.94 The Student Government shall maintain a record of all censure bills & outcomes, including those removed from public view, for the purposes of historical accuracy and internal record-keeping.
