The walk

The Wellness Session by Sky UF

Mental Health Day - brainstorm the most feasible way

New Topics Discussed:

Similar to Spread Cream Cheese Not Hate, Donut Stress, You're Doing Your Best!

- Need to find out budget
- Need a way to ensure no one comes back for more food or abuse this, think pledge to sign

Have to make sure that SkyUF does not sell tickets to the general public for our senate March 7 event, we can get fined.

Mental Health Days: one pass per semester, one day you can choose whatever day you want, can't be used on exam days, presentations, etc. (main assignments)

- Want to model this and make this the same level as regular physical sickness, we don't want to make this more complicated so it's easier to manage
- Saketh Damera walked entered the room, said he knew Mary, the CLAS dean, we can email her
- Heather White, VP of Student Life
 - Difficult to reach her, James Tiger is right under her and works really close with SG, schedule a meeting with him
 - Wyatt Bedke has connections to Heather White as a previous preview staffer for two years
- Maybe talk to professors directly to see if they can put if they accept this form in their syllabus or not

- Listserv?
- Qualtrics survey?
- CWC Executive Director: Ernesto Escoto - eescoto@ufl.edu

Issues:

- How can we ensure that professors can accept these passes if they do not always accept sick excuses?
- Who do we talk to?

Donut Stress, You're Doing Your Best!

- We want to get on this soon, work with other agencies in cabinet

Meeting was adjourned 4:55 pm
