Rubaii

The gist is that the constitution mandates reapportionment is due in the fall - the student senate shall reapportion once per year in the fall term

What I want this bill to do is to extend the deadline – reapportionment needs to pass next meeting

3 weeks before the fall academic term. Resolution bill of law etc, even if we cancel the senate during exam week, guaranteed 2 meetings to pass it during the fall – strike the first change, the only way you can recommend something is through a resolution anyways

4i makes it clear when we can start the process

4ii changing the phrasing, apportionment must be submitted a minimum of three weeks before the end of the fall academic term

Q&A

Austin

Term or semester? Term works better, so answers question

Can we modify 4IV, to match the change under committee responsibilities

Rubaii

During the fall academic term outlined below. I agree

Debate

Katz

Net positive – makes sure proper debate is done on a polemic issue

Austin

No need for the rush before the fall election

Dill

Agrees

Rubaii

Waives final privilege

Austin

Motion to amend subsection b subsection iv to read [The judiciary committee will during the fall academic term, as outlined below, submit to the senate legislation regarding the apportionment of the senate.]

Melamed

Seeing no objections that motion passes

Eisenberg

Motion to amend SSB 2025 1174 to strikethrough the word resolution in subsection d subsection i by unanimous consent

Abigail

Seeing no objections that motion passes

Austin

Motion to amend d. lii. "apportionment legislation may not be submitted to the floor of the senate until the start of the fall term and must be submitted a minimum of 3 weeks before the conclusion of the fall academic term" by unanimous consent

Melamed

Seeing no objections that motion passes

Eisenberg

Motion to pass SSB 2025 1174 by unanimous consent

Melamed

Hearing no objections that motion passes.

Seeing as there is no more legislation to be heard, I adjourned this meeting at 2:29.
